All the medical support was arranged by the Blood bank Members. College Management, and Student Volunteers did a commendable job in smooth and successful organization of the event. The event began at 9:30 a.m. with the session and awareness of Blood Donation. Right from the beginning a number of enthusiastic college students came forward for participating in this noble cause and donate their blood.

Apart from students; college staff members have also donated blood during the occasion. Before allowing the donors for bleeding a mandatory medical test was performed to check their various health parameters, like body weight, blood pressure, blood sugar etc. so that the donor may not face any kind of problem due to blood donation. In order to provide maximum care to the health of the donors college management had made arrangement for ample supply of health drinks, breakfast, tea and coffee through out the duration of the camp. To motivate the donors and encourage their participation in the event donor Certificate and Digital Card provided by Red Cross. Total 55 units of blood were donated during the camp.
