ENGINEERING COLLEGE

Placement Brochure

& Students' Profile

2014

Brochure Objective

Through this brochure, we intend to fortify our relations with our previous recruiters. We appreciate their faith in the institute. We would like you to go through the brochure and have a cognizance of what SRPEC stands for.

Also we intend to give our prospective recruiters a bird eye view of the institute. Kindly go through the brochure to discover what moulds a fresh entrant in the institute into a world leader and why this institute has attained a top niche in technical education.

The brochure invites all with open hands to the institute to take part in the placement process of our institution.

Mission

To be one of the best Integrated academic campuses with world class academic resources by developing highly skilled technocrats, leaders and entrepreneurs, and professionals of computer applications through cutting edge technology, relevant management education and development, applied research and instructional courseware.

Vision

The vision of SRPEC is to build leaders of future by imparting meaningful and conscientious learning process to provide proper direction, momentum to their creativity and to imbue willpower to achieve. SRPEC looks forward to establish august temple of learning to educate and train people to become conscientious performers and to reach the pinnacle of glory.

Quality Policy

We at Smt. S. R. Patel Engineering College are committed to build a better nation through Quality Education with team spirit. Our students are enabled to excel in all values of life and become good citizens. We continually improve the System, Infrastructure and Services to satisfy the Students, Parents, Industry and Society.

Aim

- Academic Excellence
- Creativity
- Respect for the individual
- Concern for the Society

About us

Smt. S. R. Patel Engineering College is established in the year 2009 at Dabhi – Unjha, about 28 Km. away from Mehsana. The institute is promoted by Smt. Sushilaben Rameshbhai Patel Charitable Trust and supported by Ajay Engi-Infrastructure Pvt. Ltd., Mehsana. The institute is spread over a lush green campus in twelve acre area having a beautiful landscaping, gardens and peaceful environment, which provides a close proximity to the nature.

It offers full-time bachelor engineering programs in the domains like Civil, Mechanical, Computer and Electronics and Communication Engineering. The institute also runs Master in Engineering Programs in the areas of Mechanical (Thermal) Engineering and Computer Engineering. It is affiliated to Gujarat Technological University, Ahmedabad and recognized by AICTE, New Delhi.

The institute visionizes to build leaders of future by imparting meaningful and conscientious learning process to provide proper direction, momentum to their creativity and to imbue willpower to achieve. All the programs are designed to enable learning in application based environment through a combination of co-curricular technical workshops, expert lectures and hands on experience in well-equipped laboratories. All events are sponsored by the institute.

Shri Rameshbhai Patel

Chairman, Smt. S. R. Patel Engineering College, Dabhi

Message from Chairman

I feel ecstatic that our second batch is passing out this year and we are publishing our placement brochure for our prospective recruiters. Our institute Smt. S. R. Patel Engineering College (SRPEC) always takes all possible measures to achieve its mission and to fulfill its vision. Different activities and events are planned out around the semester to supplement regular teaching and also to keep them abreast with the ongoing development in the field of science and technology.

Considering the impact of globalization and competitive world, SRPEC faculty and staff are being trained on a continuous basis in curriculum development and analysis of each subject, its concepts, principles and applications. Learning packages based on psychology of learning and subject matter analysis are prepared for easy understanding. We also prepare multimedia learning packages for students in different subject areas. These multimedia teaching-learning packages help both teachers and students in making learning very effective.

I appreciate the efforts of staff members and students for working with such dedication and I congratulate them for their achievement in the present academic year.

Message from Principal

It is matter of joy and satisfaction to pen down the words for placement brochure 2014. I am quite sure that our students will excel in their respective fields and will give maximum results to the organizations.

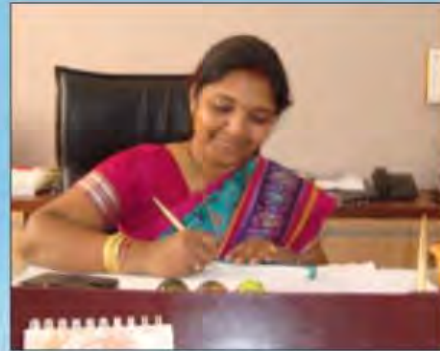

We, at Smt. S. R. Patel Engineering College, make constant endeavors to provide quality education in frontier areas of engineering and cutting edge technology through providing encouraging environment. We also profoundly accentuate on discipline and regularity because we believe that our students should not only be technologically superior but also be ethically strong engineers.

We leave no stone unturned to raise the intellect of our students. Apart from the regular academic lectures, practical, seminars and project we also provide them opportunities to get familiarized with the modern developments in their respective field. Regular organization of expert lectures, workshops, conferences, technical symposiums and model presentation competitions enrich their knowledge base with latest trends in technology.

Our institute has passed through its four successful academic years and I am delighted that our first batch of young Engineers has passed with flying colors and as a result of our mutual efforts many of them now working with reputed industry and institutes. I, on the behalf of whole SRPEC family hope and wish that our joint efforts may bear the fruit of success and our students may serve the nation and get well established in their life.

Dr. A. H. Shah

Principal, Smt. S. R. Patel Engineering College, Dabhi

Message from Placement Officer...

I am elated to have this opportunity to present the talent radiating and enthusiastic pool of students to get absorbed in the industry and work with the best fit in order to benefit the organization. Satisfying the concept of Training and Placement, wherein considering Training as an integral part of Placement Activities; we organize and conduct various events in congruence to the training need of the students and industry expectations which will be best depicted by further pages.

We wish to witness a mesmerizing experience with all our regular and prospective recruiters' by showcasing our employable students and comforting them with great hospitality. I am delighted to observe shifts in the employment patterns and the openness that the industries are offering in present times which will surely benefit the students in confirming their jobs.

We have tried and attempted various measures where we can nurture industry and institute interaction. To ensure that the curriculum follows the latest trends, various companies are visited and requested to share the updates which can be instilled in the students.

I pay my sincere and in-depth gratitude to all the past recruiters and expect the same co-operation for subsequent years. We look forward to counterfeit stronger ties of mutual co-operation in order to tap the untapped talent and excellence.

Infrastructure

Academic Buildings-The Pillars

The institute has two academic buildings apart from an administrative wing; named after the two elderly people from Patel family. 'Amthabha Vidhyabhavan' consists of Mechanical Department and Computer Department whereas 'Jiviba Vidhyabhavan' consists of Civil Department and Electronics and Communication Department.

Auditorium and Seminar Hall

The auditorium is fully media equipped with LCD Projector and HD Sound System. It has a capacity of 300 viewer seats and 25 stage seats. The hall is fully air conditioned. The institute encompasses two seminar halls, which are designed in a way to accelerate the teaching learning process using modern technological aids. It is normally used to give the presentations, seminars, etc.

Central Library

It is well furnished, centrally air-conditioned and spread over 536 sq.m. At present, the library is having more than 7484 books and current subscription of 60 National/ International journals. A rich e-resource of 800 e-journals, 202 e-books and 220 NPTEL DVDs on 100 different subjects. The facilities of Computerized Book Search, Photocopying, Newspaper Reading, Video (CD/DVD) Viewing, Digital Resources including E-books, and Past Examination Papers are available.

Hostel

The institute has spacious and well furnished hostel with required basic facilities including kit for indoor and outdoor games. Total 66 students can be accommodated in the hostel.

Laboratories

Mechanical Engineering

- Heat and Mass Transfer
- Dynamic of Machinery
- I.C. Engine and Automobile
- Refrigeration and Air Conditioning

Beyond Academics... The Complimentary Side...

(Skill and Employability Enhancement Program)

Training Programs

In this age of fine competition, students are expected to build an all-round personality who is not only good with the academic curriculum but also can prove themselves as work efficient by projecting the crucial aspects of working in the industry. Considering this, the institute organizes various activities for the students for all the semesters bearing in mind the mental aptitude to grasp and comprehend and also the use of this these activities in their academic program. All these activities are made free of cost for the students by the institute.

Field Training	Once

Semester – VIII

Activity	No. of times in a semester
Industrial Visits	Minimum Once
Industry Expert	Twice
Field Training	Once
GATE Classes	Once

Field Trainings

While the industrial visits provide an over-all view of the present industrial scenario and technological applications, the field trainings are meant to make the student self-reliant and confident in carrying out various projects in association with respective industries. The field training is organized twice, once between 5th and 6th Semester and next between 6th and 7th semester. All the expenses during these trainings are born by the college management and no financial burden was put on the students. These visits are free of cost to the students including all the travel and stay expenses. Following is the list of students and their projects during field training.

Workshops

Regular workshops are arranged in every branch and in every semester so that the students and faculties of respective department remain abreast with latest trends of their field. These workshops are conducted free of cost and are totally funded by the institute. They are meant for providing an exposure and hands on of the cut-edge technologies prevailing in the various areas of engineering.

Motivational Training

The institute recognizes the importance of human value and motivation required for development of perfect professionals. Hence, experts carrying the specialized knowledge and prolonged experience are invited to deliver sessions to encourage, motivate and guide the students.

Personal Counseling

One to one personal counseling is provided to every student at different times. The counseling is given to make the students aware of their potential, so that they can concentrate on the area of their expertise and strengthen those factors where they have deficiency. It also increases the confidence level of the students for their future.

Expert Lectures

The experts from the industries and academics are been frequently called to enrich the students with the knowledge in their respective fields. Such expert talks are helpful in getting the latest and lucid information of the path breaking developments in technology, which is otherwise difficult to obtain through regular curriculum.

Software Programs

The world is heading towards technological innovation and is bringing up many such technologies using which work can be done easily. Going with the same concept, the institute has organized these training programs for the students from 3rd Semester to 6th Semester for all the branches without any fees.

Mechanical Engineering

Semester	Program
3 rd Semester	C Language
	MS-Office
4 th Semester	AutoCAD
5 th Semester	Pro-E
6 th Semester	ANSYS

Civil Engineering

- ISRO, Ahmedabad
- Dots and Coms, Baroda
- Indies Services, Bhavnagar

Training Model

Understanding the training needs of the students, various stages of training delivery are designed which carries various activities. Depending of the type of training, tentative schedule and list of experts is defined and executed accordingly.

Resume Building

To standardize the resumes which can assist the prospective employers to screen and scrutinize the profiles, resume building sessions are conducted and final resumes are called for review which are then appraised by the review committee.

Students' Presentations

To inculcate communication and presentation skills in the students, students are required to deliver presentations in groups from semester 3 to 6 on various topics assigned by the subject faculties. These presentations are evaluated based on pre-defined parameters.

Career Choice Form

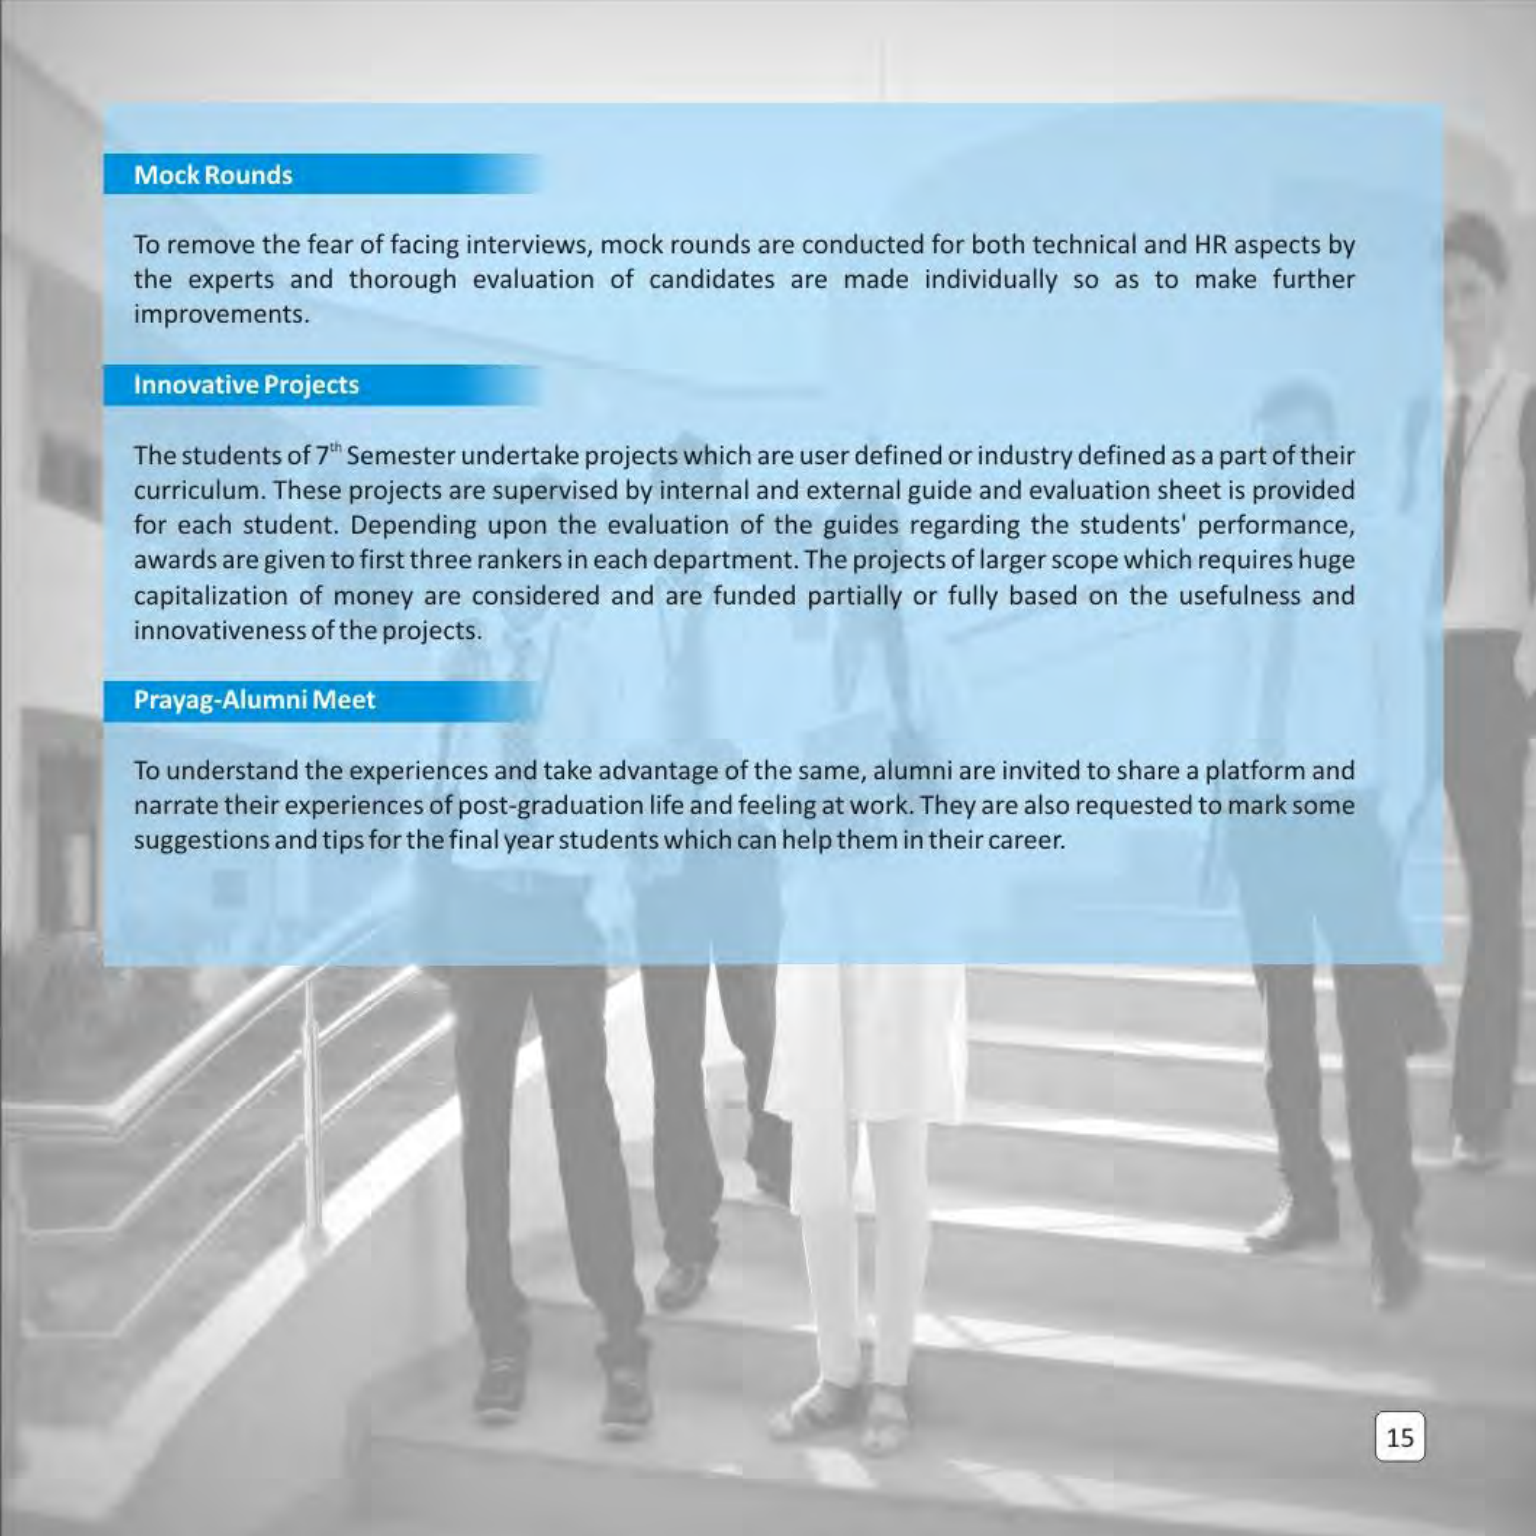

At the initial of semester 8 and after thorough counseling of students, they are given a career choice form so that the institute can make arrangements in directions which the students are willing to move ahead. It is made sure that the students are facilitated with all relevant guidance they require for the career choice they have made.

Technical Sessions

In order to evoke the concepts that the students have studied in early semesters and are of prime importance as far as working in industry is considered, experts are invited to deliver technical sessions branch wise.

HR Sessions

To articulate the various aspects of importance of personality and interview tactics, HR Sessions are organized which aid the students in learning various facets of HR Round of Interviews.

A background image showing the lower legs and feet of several people walking down a wide staircase. The image is slightly blurred and has a light blue overlay where the text is placed.

Mock Rounds

To remove the fear of facing interviews, mock rounds are conducted for both technical and HR aspects by the experts and thorough evaluation of candidates are made individually so as to make further improvements.

Innovative Projects

The students of 7th Semester undertake projects which are user defined or industry defined as a part of their curriculum. These projects are supervised by internal and external guide and evaluation sheet is provided for each student. Depending upon the evaluation of the guides regarding the students' performance, awards are given to first three rankers in each department. The projects of larger scope which requires huge capitalization of money are considered and are funded partially or fully based on the usefulness and innovativeness of the projects.

Prayag-Alumni Meet

To understand the experiences and take advantage of the same, alumni are invited to share a platform and narrate their experiences of post-graduation life and feeling at work. They are also requested to mark some suggestions and tips for the final year students which can help them in their career.

Recruitment Procedure

- 1** Sending Formal Invitations and Placement Broucher entailing the information regarding the institute and its initiatives.

- 2** Initiating a telephonic conversation and understanding the requirements.

- 3** Sending the Response Sheet (RS) to get the details regarding the profiles vacant

vacancies

- 4** Sending the resumes for initial scrutinization if required by the organization

- 5** Conducting In-Campus/Off-Campus Placement Sessions and Organizing Job Fair

Besides a warm welcome, we also provide the recruiters with the following aids:

- Well equipped seminar halls and auditorium is facilitated for pre-placement talk
- Large classrooms are provided for written test
- Streamlined procedures and practices
- Strong training delivery model
- Volunteers to assist and support the recruitment process

Mega Job Fair 2013 Empowering Technocrats...

The institute witnessed a great placement session from 25th May 2013 to 1st June 2013 in a form of Mega Job Fair 2013. The theme of the event was identified as “Empowering Technocrats”, which meant that the technical students will be empowered by receiving the ample opportunities to compete in the race and get placed in established organizations. This 8-day event was a grand success as the industry-student interaction was at the greatest peak and huge numbers of students were selected.

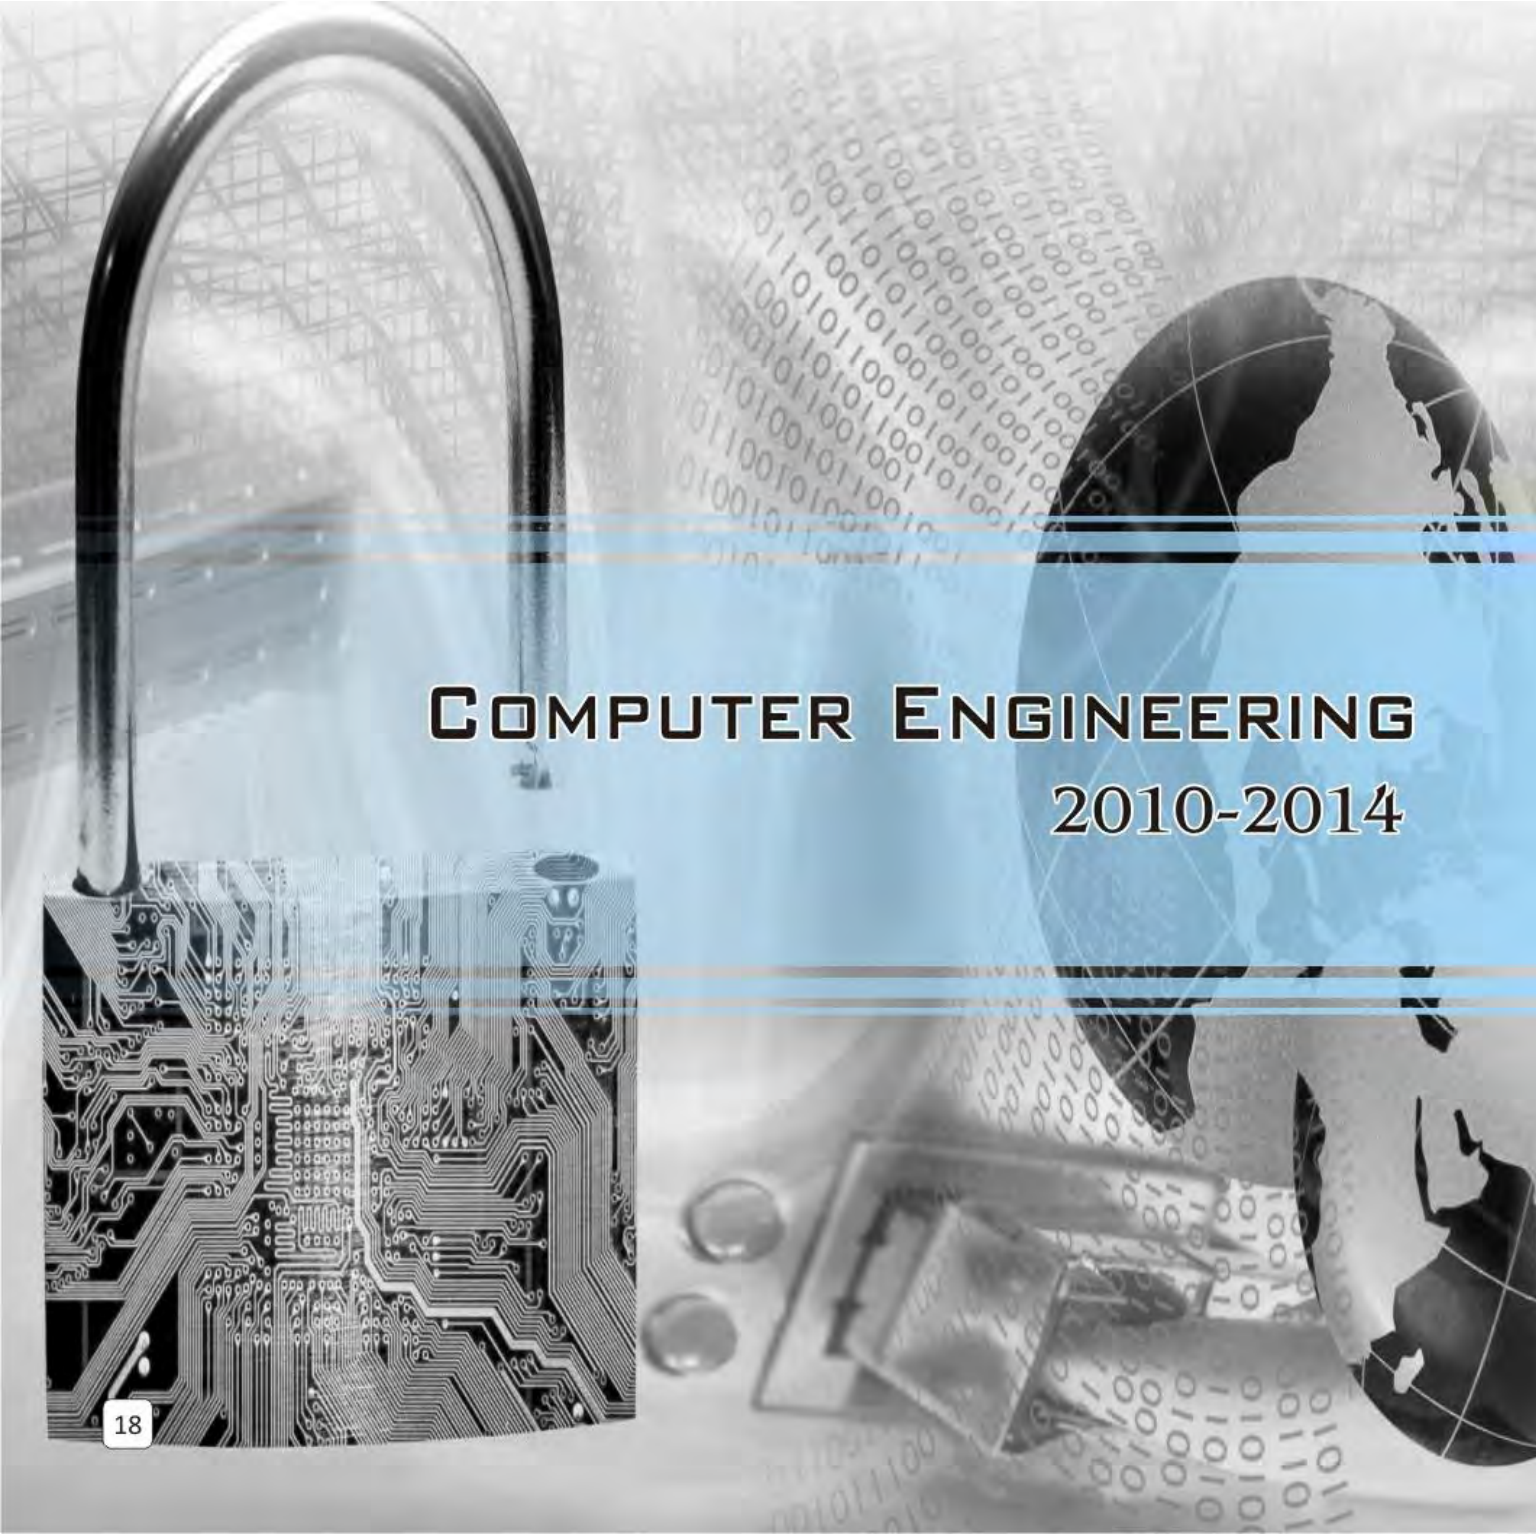

Delegates from various esteemed industries came to provide employment opportunities to the final year students.

“ I vow... to be sincere at work and adapt an learning attitude to be flexible and accept new developments. ”

The background is a grayscale, high-magnification photograph of a printed circuit board (PCB). It shows a dense network of fine, light-colored conductive traces on a darker substrate. Numerous small, circular solder points or vias are visible throughout the board. A semi-transparent blue horizontal band runs across the middle of the image, serving as a backdrop for the title text.

“ I vow... to unleash my potential skills and capitalise the same for the organizational growth. ”

The background of the slide is a detailed architectural drawing of a building plan, showing various rooms, corridors, and structural elements. Two large, white, cylindrical objects, resembling rolled-up blueprints or architectural models, are positioned diagonally across the upper half of the image. A pair of compasses is visible in the lower right corner, resting on the drawing. A semi-transparent blue rectangular box is overlaid in the center, containing the title text.

What Recruiters' Say!!!

Sub: Alpha 9 Marine Services:-

Myself Pashin with line to Congratulate Mr. Khushbu for all the good feeling & making his comfortable in the college during own whole day procedure at the Institute.

You could not thank myself in saying & soft skills of students was good.

Mr. Khushbu, please carry on the good work.

With Best Wishes.

Very Nice effort by the College. Conducting this kind events helps students interact with industry.

Prashant Mandare

Indus Services

It was a great experience to be a part of this Job Fair. It was really a great step taken for the betterment of the students. We would also like to thank the entire team for such a warm welcome and great hospitality.

We would like to be a part of such Job Fairs in the future as well. Thanks!!!

Etch
Gandhinagar

This has been a wonderful experience to get associated with S.R. Patel Engineering Institute.

I would like to thank management & faculties for giving us such opportunity & their support.

Looking forward to have long term mutual beneficial relationship.

Thanks & Regards,

P. Patel

Prashant B. Patel

I am deeply honoured for calling for interviews of candidates. I found the aspired candidates to be really intelligent, sober, and keenly interested in subject matter.

In my opinion this is the reflection of the result oriented hard work and initiative of management team as well as encouragement of the trustees.

I hope to get more aspiring employees this time as well as in future.

Thanking you and best wishes for all your future endeavor.

-K.K. Thakker

(Dr. K. K. THAKKER)

KIT Consultancy Service

Today I have visited Campus of S.R. Patel Engineering College. Campus is well discipline. Very good systems are in place. With in 4 years could reach to a great level of plateau at 4TV.

We all the best to this college to go long way & give best students to management.

Regards.

AA Vaisham Payam

(AJAY VAISHAMPAYAM)

We have come to the S.R. Patel Smt. S.R. Patel collage first time, but we have experienced with the quality of infrastructure.

We have spend 12 days at campus with e.c. faculties and students. The journey of 12 days were enjoyable and fully supported.

Thanks for giving the opportunity.
